MY LOST TOOTH RECORD

Name: ..... **Date:** .....

Children lose their twenty baby teeth between about ages 6 and 12, usually the bottom front two first. Color each tooth on the map when it comes out, then write the date and the story in the table. Keep this page in the baby book.

My first tooth came out on: .....

I was _____ years old.

The map is like looking in a mirror: your right side is on the right.

Color a tooth when it comes out

TOOTH	DATE LOST	HOW IT CAME OUT	THE STORY (WHERE I WAS, WHAT HAPPENED NEXT)
no.		wiggled it out · bit an apple · fell out eating · dentist · other
