HOW TO BRUSH MY TEETH

Name: ..... **Date:** .....

Six steps in order, with a picture for each so your child can follow along before they can read. Hang it next to the bathroom mirror at eye level. The mouth map at the bottom shows how to spend two whole minutes.

1

Wet the brush

Hold your brush under the tap for a second.

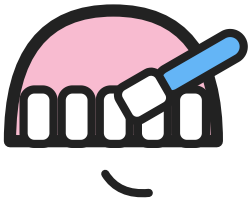

2

Add toothpaste

A pea-sized dot is enough. Ask a grown-up to help.

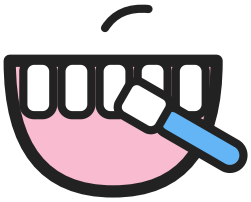

3

Brush top teeth

Small circles on the front, back and chewing side.

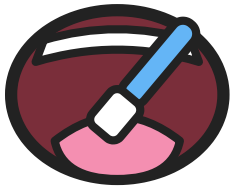

4

Brush bottom teeth

Small circles again. Do not forget the ones at the back.

5

Brush your tongue

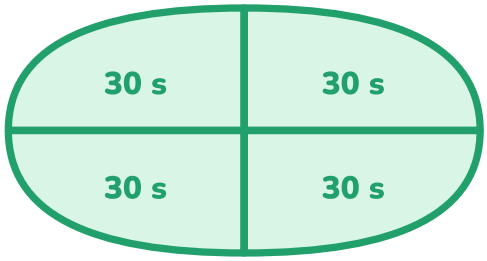

Gently, front to back, to chase the germs away.

6

Spit and rinse

Spit out the toothpaste, rinse your mouth and your brush.

top left · top right · bottom left · bottom right

Brush for 2 minutes

Split your mouth into four parts and give each one 30 seconds: top left, top right, bottom left, bottom right. Use a sand timer, a two-minute song or count slowly to 30 four times.
