COMPARE TWO STYLES

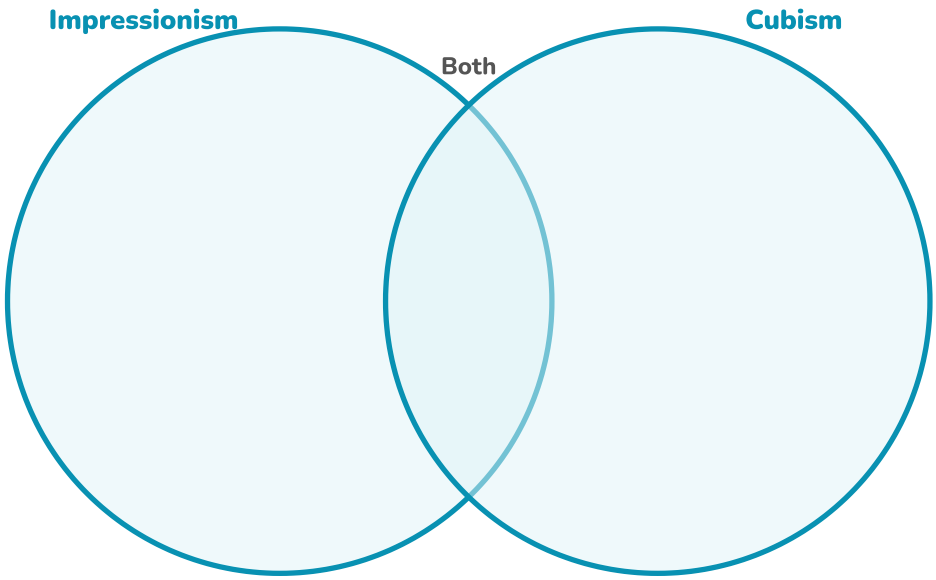

Name: ..... **Date:** .....

Part 1: complete the table using what you know about the two styles. Part 2: move the facts into the Venn diagram: things true of only one style in its circle, things true of both in the middle. Part 3: answer the questions.

PART 1: COMPARE

Feature	Impressionism	Cubism
Brushwork		
Shapes		
Colours		
Subjects		
A famous artist		

PART 2: VENN DIAGRAM

PART 3: APPLY IT

How would an Impressionist paint a bicycle leaning against a wall on a sunny day?

How would a Cubist paint the same bicycle?

COMPARE TWO STYLES ANSWER KEY

Name: ..... **Date:** .....

PART 1: COMPARE

Brushwork | quick, loose, visible dabs | flat, careful, hard edges

Shapes | soft, blurred, no outlines | geometric facets, several viewpoints at once

Colours | bright, light-filled, pure colours side by side | often muted browns, greys and ochres (early Cubism)

Subjects | landscapes, water, gardens, everyday scenes outdoors | still lifes, portraits, musical instruments

A famous artist | Claude Monet (also Renoir, Degas) | Pablo Picasso (also Georges Braque)

PART 2: VENN DIAGRAM

Both: painted in France; broke the rules of academic art; artists worked in groups; both changed how later artists painted.

PART 3: APPLY IT

1. Sample: quick dabs of colour, sunlight glinting on the metal, soft shadows, no hard outlines, perhaps painted outdoors. 2. Sample: the wheels, frame and wall broken into flat geometric shapes, seen from the side and above at once, in muted colours.
