WARM AND COOL COLOURS

Name: ..... **Date:** .....

Part 1: sort the colours. Warm colours remind us of fire and sun; cool colours remind us of water, sky and grass. Part 2: draw the same hill, tree and sky in both boxes; colour one with warm colours only and one with cool colours only. Part 3: answer the questions.

PART 1: WARM OR COOL?

scarlet · turquoise · gold · navy · coral · lavender · amber · mint green · tangerine · sky blue · crimson · teal · yellow-orange · blue-violet

Warm colours	Cool colours

PART 2: ONE SCENE, TWO PALETTES

Warm: a desert at sunset	Cool: a snowy night

PART 3: MOOD

How does the warm picture feel compared with the cool one? Use two describing words for each.

An artist wants to paint a sad, lonely street. Which palette should they choose and why?

WARM AND COOL COLOURS ANSWER KEY

Name: ..... **Date:** .....

PART 1: WARM OR COOL?

Warm colours: scarlet, gold, coral, amber, tangerine, crimson, yellow-orange

Cool colours: turquoise, navy, lavender, mint green, sky blue, teal, blue-violet

PART 3: MOOD

1. Sample: warm feels hot, lively, energetic, cosy; cool feels calm, quiet, cold, peaceful. 2. Cool colours: blues and greys feel calm, cold and distant, which suits a sad or lonely mood.
