COMPARE TO ONE HALF

Name: ..... **Date:** .....

One half is a handy benchmark. If the numerator is less than half the denominator, the fraction is less than $\frac{1}{2}$; if it is exactly half, it equals $\frac{1}{2}$; if it is more, the fraction is more than $\frac{1}{2}$. Circle one.

1	$\frac{5}{6}$	less than ½	equal to ½	more than ½
2	$\frac{2}{7}$	less than ½	equal to ½	more than ½
3	$\frac{1}{5}$	less than ½	equal to ½	more than ½
4	$\frac{1}{4}$	less than ½	equal to ½	more than ½
5	$\frac{4}{9}$	less than ½	equal to ½	more than ½
6	$\frac{3}{5}$	less than ½	equal to ½	more than ½
7	$\frac{3}{4}$	less than ½	equal to ½	more than ½
8	$\frac{6}{7}$	less than ½	equal to ½	more than ½
9	$\frac{5}{12}$	less than ½	equal to ½	more than ½
10	$\frac{2}{9}$	less than ½	equal to ½	more than ½
11	$\frac{5}{8}$	less than ½	equal to ½	more than ½
12	$\frac{1}{6}$	less than ½	equal to ½	more than ½

Worked example: $\frac{5}{8}$: half of 8 is 4, and 5 is more than 4, so $\frac{5}{8}$ is more than $\frac{1}{2}$. $\frac{3}{8}$ would be less, and $\frac{4}{8}$ equals one half.

COMPARE TO ONE HALF ANSWER KEY

Name: ..... Date: .....

One half is a handy benchmark. If the numerator is less than half the denominator, the fraction is less than $\frac{1}{2}$; if it is exactly half, it equals $\frac{1}{2}$; if it is more, the fraction is more than $\frac{1}{2}$. Circle one.

1. $\frac{5}{6}$ — less than ½ | equal to ½ | **more than ½**
2. $\frac{2}{7}$ — **less than ½** | equal to ½ | more than ½
3. $\frac{1}{5}$ — **less than ½** | equal to ½ | more than ½
4. $\frac{1}{4}$ — **less than ½** | equal to ½ | more than ½
5. $\frac{4}{9}$ — **less than ½** | equal to ½ | more than ½
6. $\frac{3}{5}$ — less than ½ | equal to ½ | **more than ½**
7. $\frac{3}{4}$ — less than ½ | equal to ½ | **more than ½**
8. $\frac{6}{7}$ — less than ½ | equal to ½ | **more than ½**
9. $\frac{5}{12}$ — **less than ½** | equal to ½ | more than ½
10. $\frac{2}{9}$ — **less than ½** | equal to ½ | more than ½
11. $\frac{5}{8}$ — less than ½ | equal to ½ | **more than ½**
12. $\frac{1}{6}$ — **less than ½** | equal to ½ | more than ½
