TWO-STUDENT TOKEN BOARD

Name: ..... **Date:** .....

Two separate boards on one page for a table of two. Each child earns onto their own track and trades their own full board, which keeps the pace honest: a child who needs eight minutes per token is not watching someone else finish first. Write the same thing in both EARNS A TOKEN FOR lines only if the work really is the same.

Name ..... Earns a token for .....

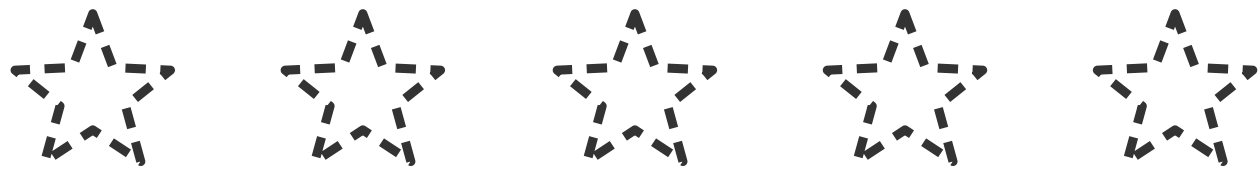

WORKING FOR

1 2 3 4 5

WORKING FOR

1 2 3 4 5

If one child fills a board twice as fast as the other, change the number of spaces, not the size of the reward.
