A NOTE FOR FAMILIES

This packet covers kindergarten to fifth grade, so pick the pages marked with your child's grade and skip the rest, or try the next band up as a challenge. Fifteen minutes a day is plenty. Every math and reading page has its answer key on page 2 of the PDF, so you can check work together. The reading log counts any reading at all: picture books, comics, recipes, or a chapter read aloud by a grown-up.

MY WINTER BREAK

One thing I want to get better at over the break:

_____

_____

Something fun I did over the break:

_____

_____

Color the winter pictures when you finish a page.
