MY HEIGHT RECORD

Name: ..... **Date:** .....

Write the date, age and height each time you measure. Children grow about 2 to 3 in (5 to 7 cm) a year between ages 4 and 10, so twice a year is plenty.

DATE	AGE	HEIGHT (IN)	HEIGHT (CM)	MEASURED BY / NOTES

1 in = 2.54 cm · 1 ft = 12 in = 30.5 cm · Measure in the morning, shoes off, heels and back against the wall.
