CURVES: C, HUMPS AND CUPS

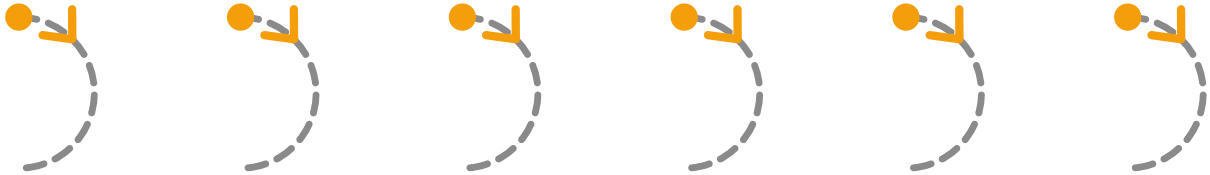

Name: ..... **Date:** .....

Curves bend without corners. Start at the dot and follow the arrow. The c-curves are the first part of letters like a, d and g; humps and cups turn into m, n and u later.

Curves like the letter c: start at the top and curve to the left

Backwards curves: start at the top and curve to the right

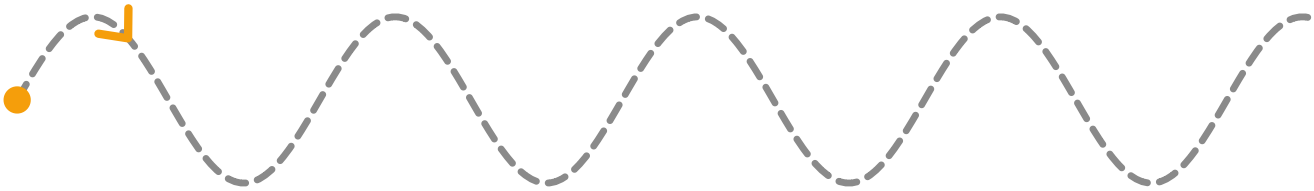

Humps: up, over and down, then the next hump

Cups: down, round and up, then the next cup

Humps and cups together: a long wavy line

Draw your own: rainbows (humps) and smiles (cups)
