WAVES AND LOOPS

Name: ..... **Date:** .....

Long lines that never stop. Start at the dot and keep the pencil moving all the way across the page: up and over for the waves, round and forward for the loops. Slow is fine; lifting the pencil is the thing to avoid.

Big waves

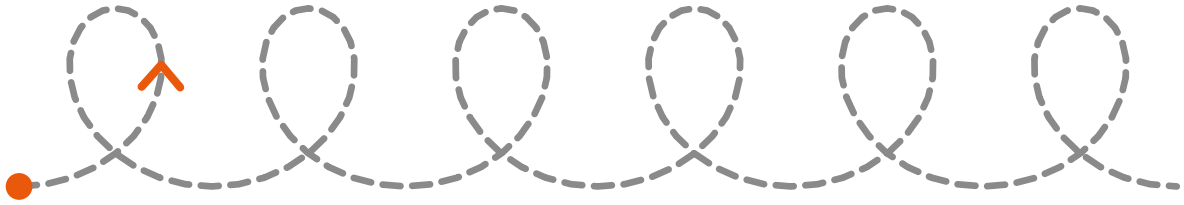

Medium waves

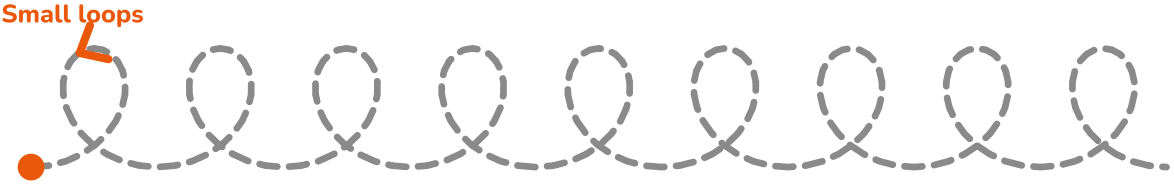

Little ripples

Big loops: round and forward, round and forward

Small loops

Tiny loops, like a spring

Draw your own waves for the boat and a curly tail for the pig
