SORT: LONG I OR LONG E?

Name: ..... **Date:** .....

Sixteen words, eight of each. Say the word and count the syllables on your fingers. One syllable means the y says long i; two syllables means the y says long e. Write each word in the matching column.

SIXTEEN WORDS

penny · fly · dry · baby · my · city · funny · why · candy · pony · happy · sky · lucky · shy · try · cry

Y says long i one syllable: my, fly	Y says long e two syllables: happy, baby

Count, do not guess. Shy and city both end in y and both have four letters, but shy is one clap and city is two. The number of claps decides the sound every time.
