BUILD FLOSS WORDS ANSWER KEY

Name: ..... Date: .....

Possible answers. Any four real words on a row count. There are more words than boxes, so two children will not make the same page.

-ell	bell, cell, fell, sell, tell, well, yell, shell, smell, spell, swell
-ill	bill, fill, hill, mill, pill, till, will, chill, drill, grill, spill, still
-uff	cuff, huff, muff, puff, bluff, fluff, gruff, snuff, stuff
-ass	mass, pass, brass, class, glass, grass
-ess	less, mess, bless, chess, dress, press, stress
-oss	boss, loss, moss, toss, cross, floss, gloss

Words to accept but talk about: **cell** and **sell** sound the same and both are real; **till** means until or a cash drawer; **mass** and **gloss** are fine for older children. Do not accept **gas**, **bus**, **yes** or **plus** on these rows, because they are the exception words that keep a single letter.
