SHAPE FAMILIES

Name: ..... **Date:** .....

The nine symbols are drawn at the top. Copy each one into the box where it belongs: the triangles in the first box, the circles in the second, and the three that match nothing else in the third. Then answer the question at the bottom.

The triangle family the noun and the words that travel with it

draw the symbols that belong here

The circle family the verb and the word that tells you how

draw the symbols that belong here

On their own three shapes that belong to no family

draw the symbols that belong here

Why do the noun, the article, the adjective and the pronoun all get triangles?

SHAPE FAMILIES ANSWER KEY

Name: ..... **Date:** .....

The nine symbols are drawn at the top. Copy each one into the box where it belongs: the triangles in the first box, the circles in the second, and the three that match nothing else in the third. Then answer the question at the bottom.

The triangle family

the noun and the words that travel with it

Noun

Article

Adjective

Pronoun

The circle family

the verb and the word that tells you how

Verb

Adverb

On their own

three shapes that belong to no family

Preposition

Conjunction

Interjection

Why do the noun, the article, the adjective and the pronoun all get triangles?

Because they all work with the noun: the article goes in front of it, the adjective describes it, and the pronoun stands in its place.
