ADD WITH BOTH ROWS

Name: ..... **Date:** .....

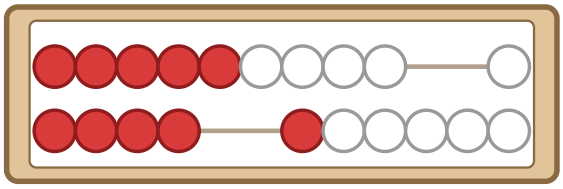

The top row shows the first number and the bottom row shows the second. Count the top row, then count on along the bottom row to find the total.

1. 

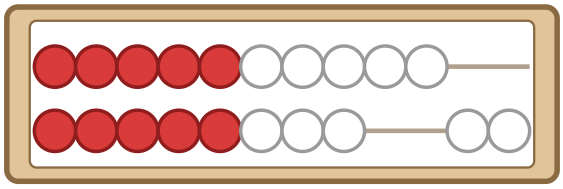

10 + 2 = ☐

2. 

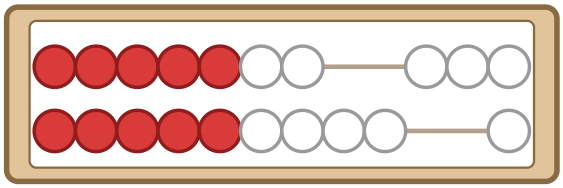

8 + 6 = ☐

3. 

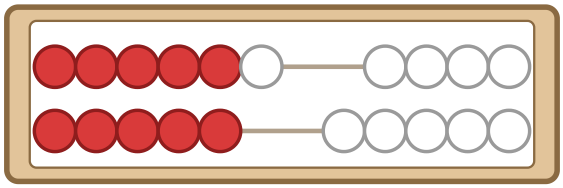

9 + 4 = ☐

4. 

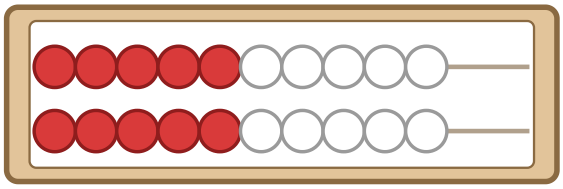

10 + 8 = ☐

5. 

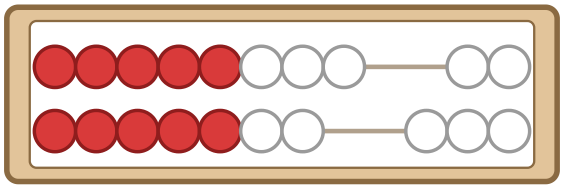

7 + 9 = ☐

6. 

6 + 5 = ☐

7. 

10 + 10 = ☐

8. 

8 + 7 = ☐

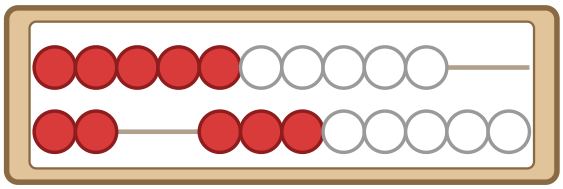

When the top row is full it is ten, so ten and three is thirteen with no counting at all. When neither row is full, look for a ten first: eight and six is ten and four.

ADD WITH BOTH ROWS ANSWER KEY

Name: ..... **Date:** .....

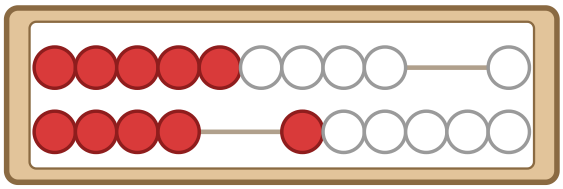

The top row shows the first number and the bottom row shows the second. Count the top row, then count on along the bottom row to find the total.

1. 

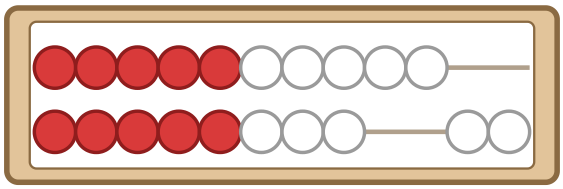

10 + 2 = 12

2. 

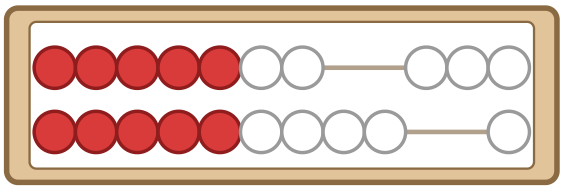

8 + 6 = 14

3. 

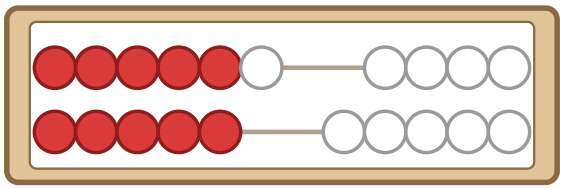

9 + 4 = 13

4. 

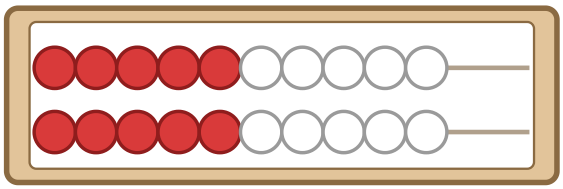

10 + 8 = 18

5. 

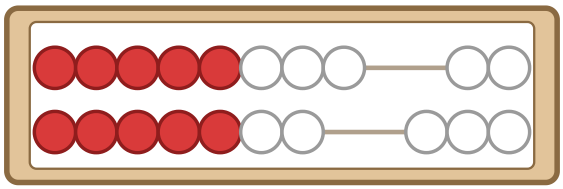

7 + 9 = 16

6. 

6 + 5 = 11

7. 

10 + 10 = 20

8. 

8 + 7 = 15

When the top row is full it is ten, so ten and three is thirteen with no counting at all. When neither row is full, look for a ten first: eight and six is ten and four.
