CUT AND SORT: 20 SCHWA CARDS

Name: ..... **Date:** .....

Cut out the twenty word cards and the five heading cards along the dashed lines. Say each word, listen for the unstressed syllable, and place the card under the heading for the vowel letter that spells its schwa. Four cards belong under each heading. Check your piles against the answer key, then shuffle and do it again against the clock.

a ə	e ə	i ə	o ə	u ə
heading card	heading card	heading card	heading card	heading card

WORD CARDS

happen	devil	bonus	pizza
raisin	cotton	citrus	kitchen
koala	lemon	listen	minus
panda	cabin	campus	comma
bottom	children	apron	basin

None of these twenty words appears on any other sheet, so this is a fresh test of the skill rather than a memory check. Keep the cards in an envelope and repeat the sort a week later.

CUT AND SORT: 20 SCHWA CARDS

ANSWER KEY

Name: ..... Date: .....

The five piles, four cards each.

a ə	e ə	i ə	o ə	u ə
koala	happen	raisin	lemon	minus
pizza	kitchen	cabin	bottom	bonus
comma	children	basin	cotton	campus
panda	listen	devil	apron	citrus

Watch for these three. **Koala** and **pizza** end in the same schwa even though they look nothing alike. **Apron** sounds like it ends in "run" but is spelled with an o. **Citrus**, **minus**, **bonus** and **campus** all end in the us pattern, which is worth learning as a family.
