THREE-PART CARDS

Name: ..... **Date:** .....

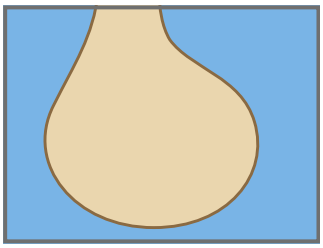

Page 1 holds the ten control cards, with the picture and the name together. Cut them out on the dashed lines and keep them in an envelope. The child uses them to check the work.

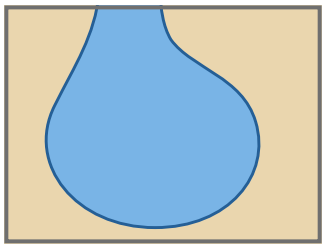

Island

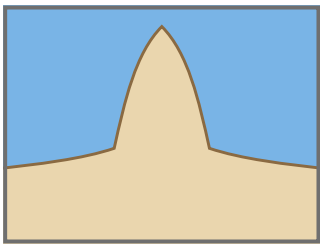

Lake

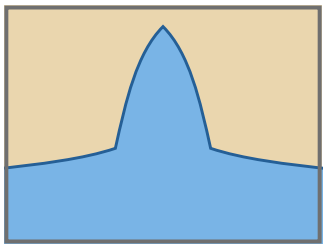

Peninsula

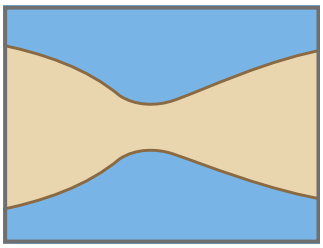

Gulf

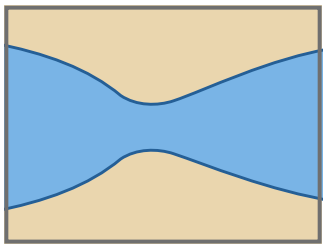

Cape

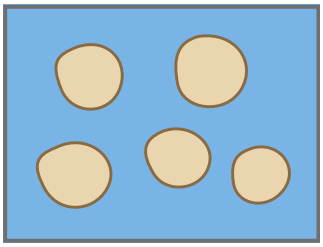

Bay

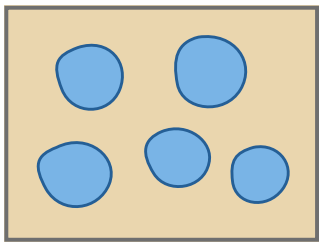

Isthmus

Strait

Archipelago

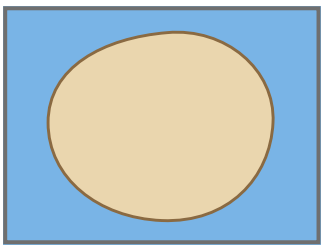

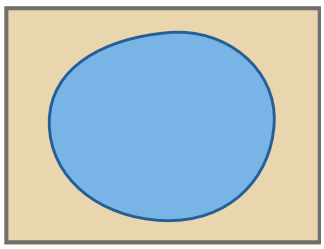

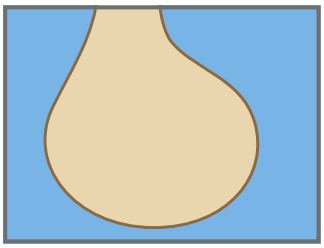

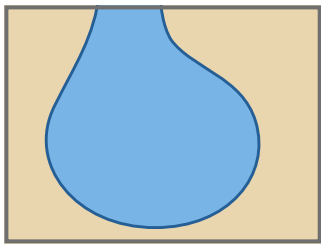

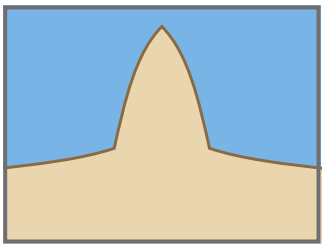

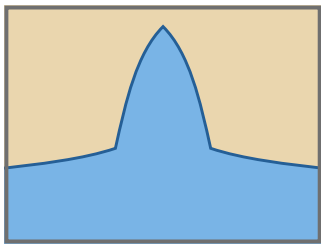

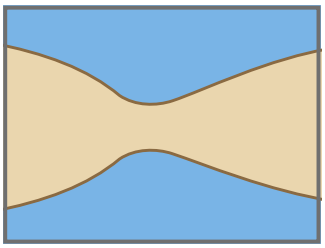

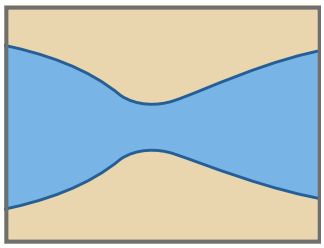

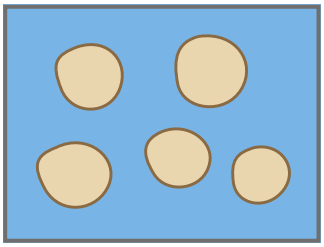

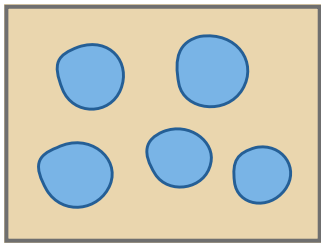

System of lakes

THREE-PART CARDS

Name: ..... **Date:** .....

Page 2 holds the ten picture cards. Cut them out and lay them in a column. The child matches a name slip from page 3 to each picture, then checks against the control cards.

THREE-PART CARDS

Name: ..... **Date:** .....

Page 3 holds the ten name slips. Cut them out, then present the material in this order: lay out the picture cards, read a slip aloud, place it under the picture it names, and check with the control card at the end.

Island	**Lake**
Peninsula	**Gulf**
Cape	**Bay**
Isthmus	**Strait**
Archipelago	**System of lakes**

Print all three pages on card if you can. Present one pair at a time, island and lake first, and only add a new pair when the child places the earlier slips without hesitating. Say both names of a pair together every time: island and lake, peninsula and gulf, cape and bay, isthmus and strait, archipelago and system of lakes.
