Groundhog Day

90 words

Groundhog Day is on February 2. On that day, a groundhog comes out of its burrow. People watch to see what it will do. The tradition says that if the groundhog sees its shadow, there will be six more weeks of winter. If it does not see its shadow, spring will come early. The most famous groundhog is Punxsutawney Phil. He lives in Pennsylvania. Many people visit him there each year. Groundhog Day is a fun tradition, but it is not science. A groundhog cannot really tell us the weather.
