SPEND, SAVE, GIVE

Name: ..... **Date:** .....

Three jars, three purposes. Decide together how each dollar is split (many families start with 50¢ spend, 40¢ save, 10¢ give). Every time money goes in or out of a jar, write the date, the amount and the new total in that jar's table.

Of every $1 I get: spend .... **save** ..... **give** .....

SPEND

for things I want soon

DATE	IN / OUT	TOTAL

Saving up for: _____

SAVE

for a bigger goal later

DATE	IN / OUT	TOTAL

Big goal: _____

GIVE

to help someone else

DATE	IN / OUT	TOTAL

Giving to: _____
