SPELLING TEST RECORD

Name: ..... **Date:** .....

Eight weeks of ten-word spelling tests on one page. Fill in the table after each test, then put a dot on the graph and join the dots.

Week	Date	Ending tested	Score	Words to try again
1			/ 10	
2			/ 10	
3			/ 10

SCORE OUT OF 10, WEEK BY WEEK

Pick ten words for each test from one ending at a time: ff first, then ll, then ss, then zz, then a mixed week. Add two of the exception words (bus, gas, yes, plus) to every mixed test, because those are the ones that slip. A score that stops climbing usually means the three checks are not being used, not that the words are too hard.
