BLANK LABEL CARDS

Name: ..... **Date:** .....

Twelve blank label cards, 78 by 15 mm, the same size as the label box on the control card. Write one word on each, large and lowercase. Twelve is two full sets of six, so one set can be cut for the child and one kept as a spare.

Write the word the same way on the label card and on the control card: same spelling, same case, same handwriting style. Lowercase is usual, because that is what the child reads in books.
