SCHWA SPELLED WITH A

Name: _____ **Date:** _____

Every word on this page spells its schwa with the letter a. Read the word, circle the a that says "uh" (not the a that says its own sound), then write the whole word in the sentence beside it.

The a schwa. In **about** the a is not "ay" and not "a" as in apple. It is a quick "uh" because nobody stresses it. The same thing happens at the end of a word: sof**a**, zebr**a**, extr**a**, bandan**a**. A final a is a schwa almost every time.

1. **a** · **bout** — I read a book _____ frogs.
2. **a** · **round** — We walked _____ the lake.
3. **ba** · **nan** · **a** — He ate a _____ for lunch.
4. **so** · **fa** — The cat sleeps on the _____.
5. **a** · **lone** — She sat _____ on the bench.
6. **a** · **way** — Put your pencil _____.
7. **ze** · **bra** — A _____ has black and white stripes.
8. **ex** · **tra** — I need one _____ chair.
9. **so** · **da** — The _____ can is empty.
10. **sal** · **ad** — Mom made a green _____.

Careful: banana has *two* schwas, the first a and the last a. Only the middle syllable is said clearly: ba-NAN-a.
