ALL ABOUT PENGUINS

Name: ..... **Date:** .....

Read about penguins twice: once to sound out the words, once to understand. Then answer the questions. Circle one answer for questions 1 and 2, and write your answer for question 3.

All about penguins

68 words

Penguins are birds, but they cannot fly. Their wings are short and flat, like paddles. Penguins use them to swim fast under the water. Penguins live in the southern half of the world. Many live on the ice near Antarctica, where it is very cold. Thick feathers and a layer of fat keep them warm. Penguins eat fish. On land they waddle, and they slide on their bellies.

1. Can penguins fly?

yes no

2. What do penguins use their wings for?

flying swimming digging

3. Write one thing that keeps a penguin warm.

4. Draw a penguin sliding on its belly across the ice.
