TIME PASSED: FIVE-MINUTE CLOCKS

Name: ..... **Date:** .....

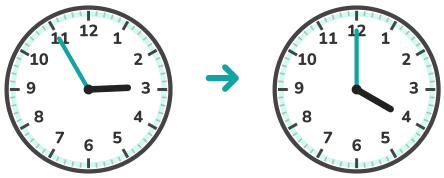

Read both clocks to the nearest five minutes. Count on from the start time to the end time and write the time that passed.

start end

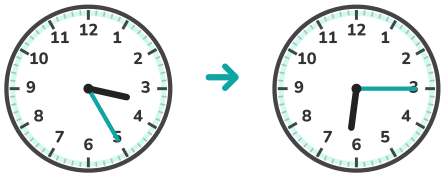

1 **Time passed:**

start end

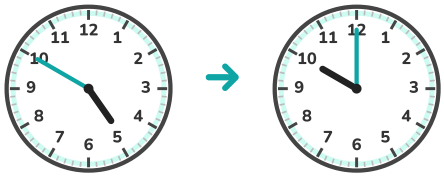

2 **Time passed:**

start end

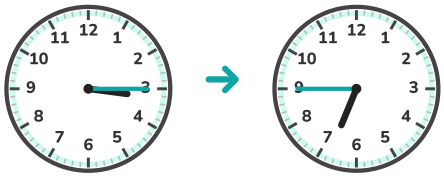

3 **Time passed:**

start end

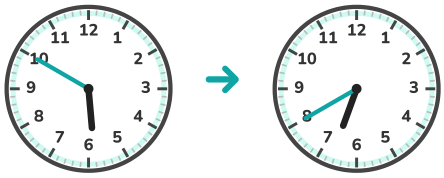

4 **Time passed:**

start end

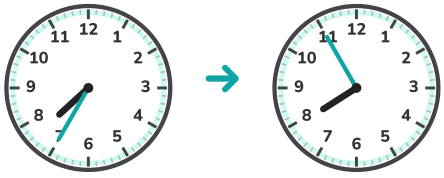

5 **Time passed:**

start end

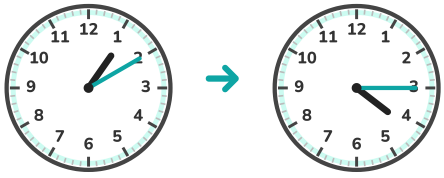

6 **Time passed:**

start end

7 **Time passed:**

start end

8 **Time passed:**

Worked example: start 8:10, end 11:15. Count on from the start: 8:10 to 9:00 is 50 min, 9:00 to 11:00 is 2 hours, 11:00 to 11:15 is 15 min, so the time passed is **3 h 5 min**.
