SHADE THE EQUIVALENT FRACTION

Name: ..... **Date:** .....

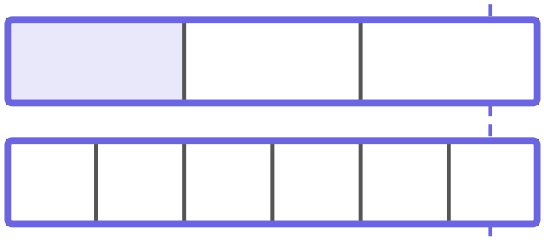

The top bar shows a fraction. Shade the bottom bar so the **same amount** is coloured, then write the equivalent fraction.

1

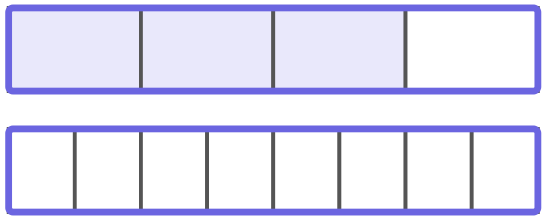

$\frac{1}{2} = \frac{\square}{4}$

2

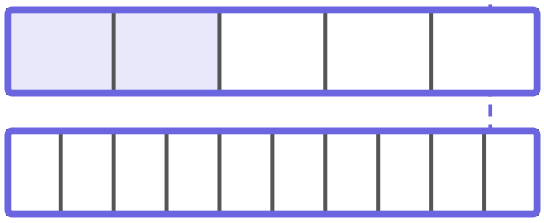

3

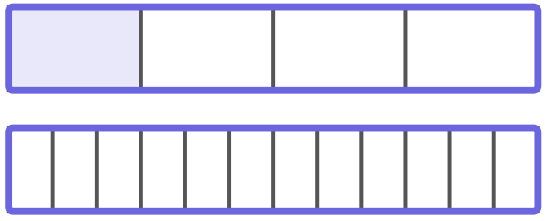

$\frac{3}{4} = \frac{\square}{8}$

4

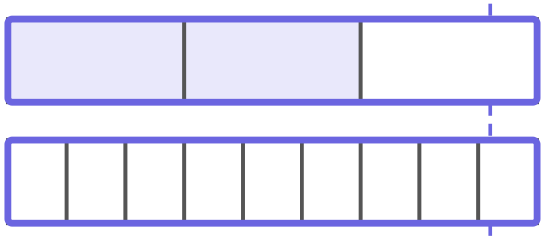

5

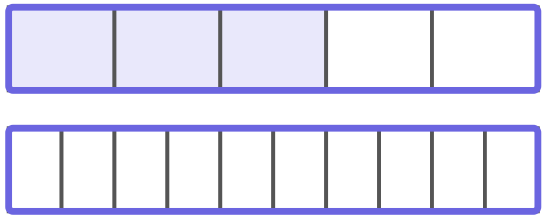

$\frac{1}{4} = \frac{\square}{12}$

6

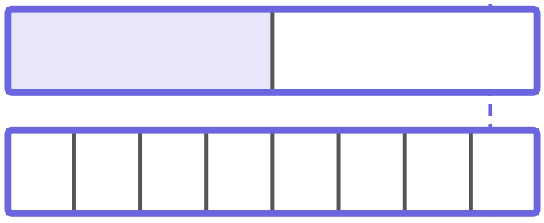

7

$\frac{3}{5} = \frac{\square}{10}$

8

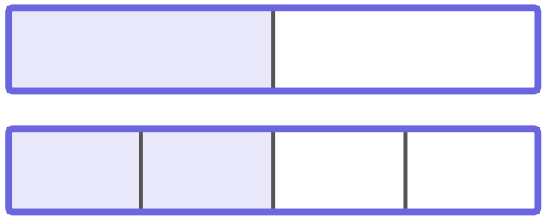

Think: the bottom bar has more pieces, but the same amount is shaded. What happened to the top and bottom numbers?

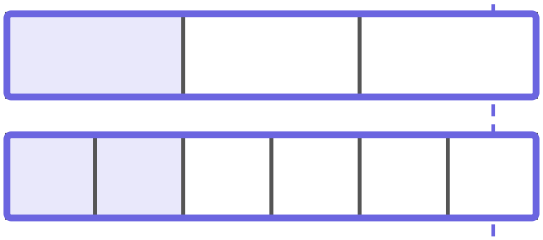

SHADE THE EQUIVALENT FRACTION

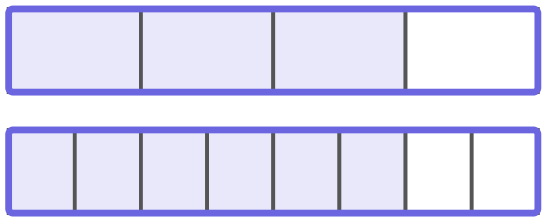

ANSWER KEY

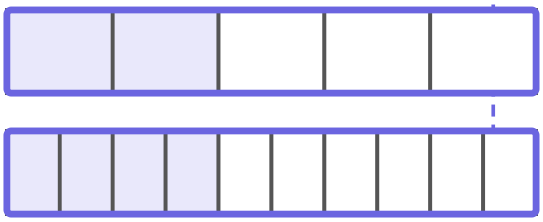

Name: _____ **Date:** _____

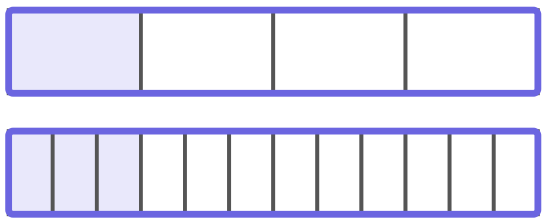

The top bar shows a fraction. Shade the bottom bar so the **same amount** is coloured, then write the equivalent fraction.

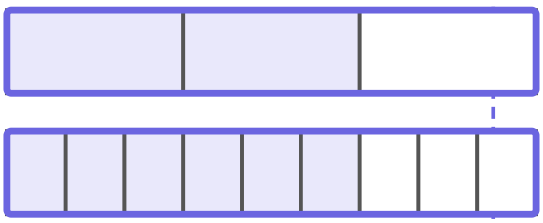

1. 
$\frac{1}{2} = \frac{2}{4}$

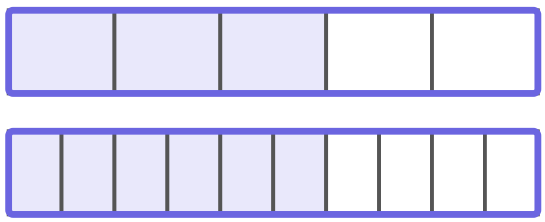

2. 

3. 
$\frac{3}{4} = \frac{6}{8}$

4. 

5. 
$\frac{1}{4} = \frac{3}{12}$

6. 

7. 
$\frac{3}{5} = \frac{6}{10}$

8.
