I NEED A BREAK CARDS

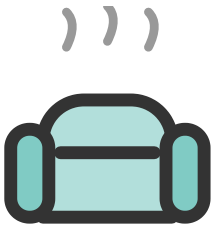

Name: ..... **Date:** .....

Eight cards in four designs, two of each. Teach one design first: prompt the child to hand it over before the hard moment arrives, then give the break instantly, every time, with no questions and no lecture. Once the card works reliably you can start asking them to finish one more item first.

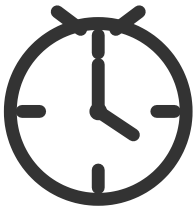

I need a break

hand this card to an adult

Break, please

I will go to the quiet spot

I need a break

I will come back in 5 minutes

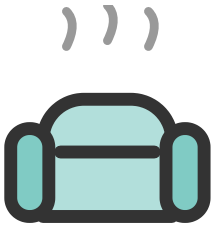

I need a break

put the child's photo or symbol here
