WHICH ONE IS RIGHT?

Name: ..... **Date:** .....

Only one word in each pair is spelled correctly. Circle it. Careful: four of these are exception words that keep a single letter, so check whether the rule applies before you circle.

1. **cliff** or **clif**
2. **bus** or **buss**
3. **bel** or **bell**
4. **gras** or **grass**
5. **gas** or **gass**
6. **buzz** or **buz**
7. **stuf** or **stuff**
8. **yes** or **yess**
9. **doll** or **dol**
10. **fiz** or **fizz**
11. **plus** or **pluss**
12. **mis** or **miss**

The four exception words on this page are **bus**, **gas**, **yes** and **plus**. They have one syllable and one short vowel and they end in s, so the rule says they should double it, but they do not. They have to be learned by heart.
