b d p q: look-alike letters

Name: ..... **Date:** .....

b and d, p and q are mirror twins. Read each cue, trace the pairs saying the letter names, then circle the letter asked for on each line. Four to find on every line.

b Big line down from the top, then bounce up and round to make a little tummy on the right. The stick comes first, then the belly.

d Make a little c, then a big line up to the top and straight back down. The circle comes first, then the stick.

bd bd bd bd bd bd

p Little line down under the bottom line, back up to the middle, curve round to make a tummy on the right. The tail goes down, the belly faces right.

q Make a little c, close it, then a line down under the bottom line with a tiny flick to the right. The circle comes first, then the tail.
