MULTIPLICATION BEAD BOARD

Name: ..... **Date:** .....

Print on card. Put the number you are multiplying (the multiplicand) in the slot on the left. Place the red disc above the column of the number you multiply by, then fill that many columns with beads, one column at a time. Count the beads for the product.

NUMBER CARDS FOR THE SLOT: CUT OUT

1	2	3	4	5	6	7	8	9	10

You need 100 red beads (dried red beans or red buttons work) and one red counter for the disc. The red numbers along the top are the multiplier.
