DIVISION BOARD RECORDING SHEET

Name: ..... **Date:** .....

Set out the skittles for the divisor, count out the dividend in beads, share them row by row and write how many beads one skittle gets. Every division here comes out exactly.

15 ÷ 5 =	5 skittles, 15 beads	**30 ÷ 6 =**	6 skittles, 30 beads
27 ÷ 9 =	9 skittles, 27 beads	**72 ÷ 8 =**	8 skittles, 72 beads
81 ÷ 9 =	9 skittles, 81 beads	**24 ÷ 4 =**	4 skittles, 24 beads
12 ÷ 4 =	4 skittles, 12 beads	**49 ÷ 7 =**	7 skittles, 49 beads
14 ÷ 2 =	2 skittles, 14 beads	**36 ÷ 4 =**	4 skittles, 36 beads
9 ÷ 3 =	3 skittles, 9 beads	**20 ÷ 4 =**	4 skittles, 20 beads

Check: multiply the answer by the divisor on the multiplication board. You should get the dividend back.

DIVISION BOARD RECORDING SHEET

ANSWER KEY

Name: ..... **Date:** .....

Set out the skittles for the divisor, count out the dividend in beads, share them row by row and write how many beads one skittle gets. Every division here comes out exactly.

15 ÷ 5 =	3	5 skittles, 15 beads	30 ÷ 6 =	5	6 skittles, 30 beads
27 ÷ 9 =	3	9 skittles, 27 beads	72 ÷ 8 =	9	8 skittles, 72 beads
81 ÷ 9 =	9	9 skittles, 81 beads	24 ÷ 4 =	6	4 skittles, 24 beads
12 ÷ 4 =	3	4 skittles, 12 beads	49 ÷ 7 =	7	7 skittles, 49 beads
14 ÷ 2 =	7	2 skittles, 14 beads	36 ÷ 4 =	9	4 skittles, 36 beads
9 ÷ 3 =	3	3 skittles, 9 beads	20 ÷ 4 =	5	4 skittles, 20 beads

Check: multiply the answer by the divisor on the multiplication board. You should get the dividend back.
