ODD AND EVEN WITH COUNTERS

Name: ..... **Date:** .....

Color the counters in pairs under each card, two by two. If one counter is left alone at the bottom, the number is odd: color its card. Then write odd or even under it.

1

odd / even

2

odd / even

3

odd / even

4

odd / even

5

odd / even

6

odd / even

7

odd / even

8

odd / even

9

odd / even

10

odd / even

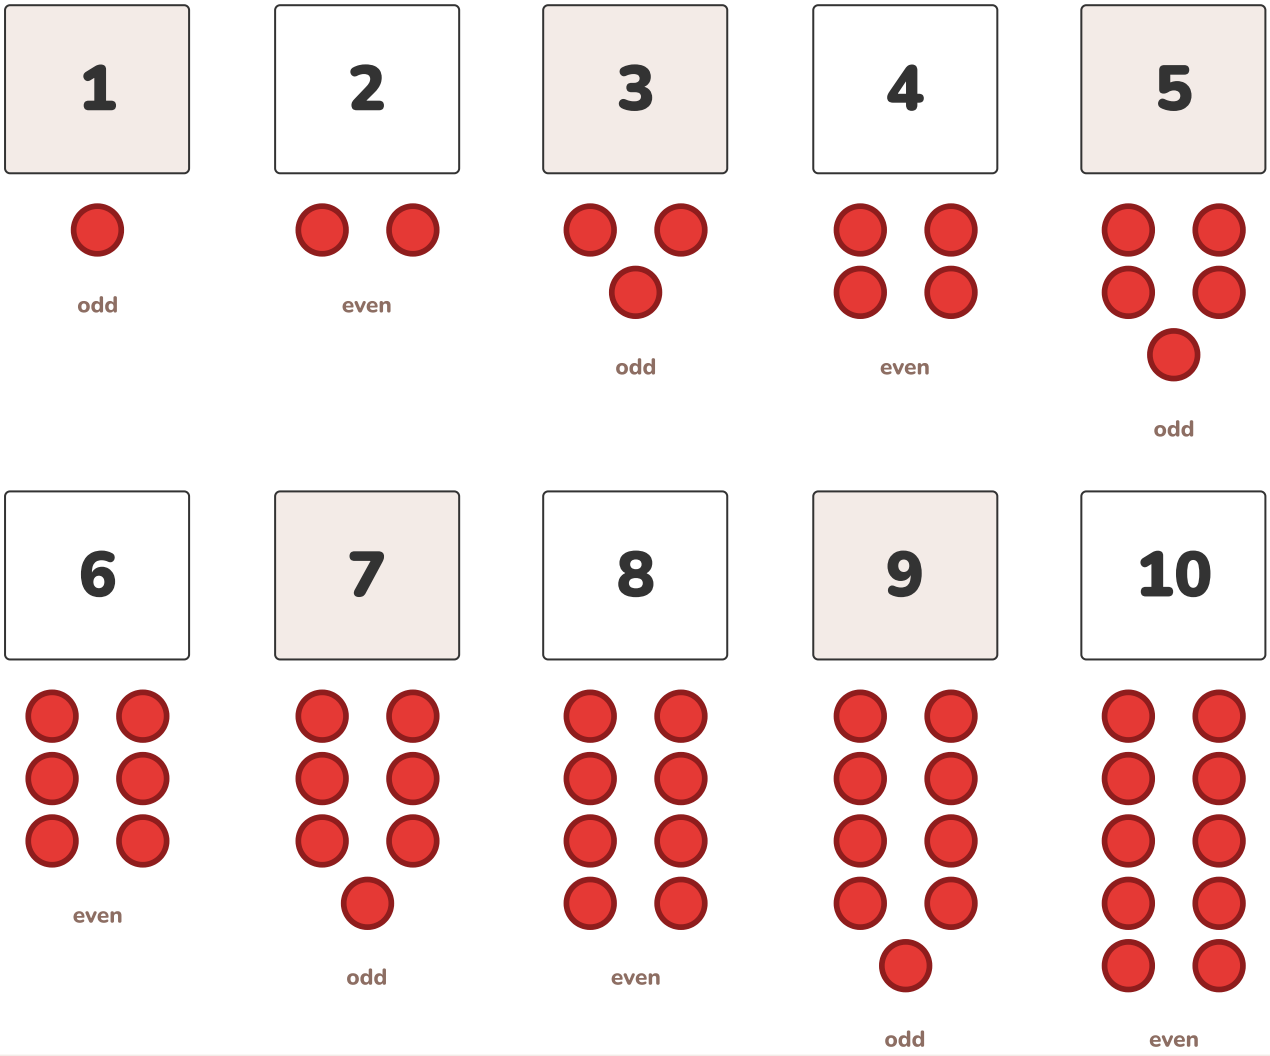

Which numbers had a counter left over? Say them out loud: these are the odd numbers.

ODD AND EVEN WITH COUNTERS

ANSWER KEY

Name: ..... **Date:** .....

Color the counters in pairs under each card, two by two. If one counter is left alone at the bottom, the number is odd: color its card. Then write odd or even under it.

Odd: 1, 3, 5, 7, 9. Even: 2, 4, 6, 8, 10. Even numbers make complete pairs.
