MY FEELINGS THERMOMETER

Name: ..... **Date:** .....

Feelings grow like the temperature on a thermometer. Read the body clues in each level and find where you are right now. The lower you catch a big feeling, the easier it is to cool down. Write one thing that helps you at each level.

Color me to show where you are today

5

Out of control

Body clues: Yelling, hitting, running away, crying hard. My body is on fire and I cannot think.

What helps me: .....

4

Very upset

Body clues: Tight fists, hot face, loud voice, stomping. I feel like I might explode.

What helps me: .....

3

Getting worked up

Body clues: Fast heart, frowning, wiggly, snappy words, butterflies in my tummy.

What helps me: .....

2

A little bothered

Body clues: Sighing, fidgeting, tired or bored. Something is not quite right.

What helps me: .....

1

Calm and happy

Body clues: Relaxed body, easy breathing, smiling, ready to learn and play.

What helps me: .....
